SANDS CUP GOES TO COCHRANE.

The cup presented by W. H. Sands at the St. Andrews Golf Club was won by default yesterday by A. De Witt Cochrane, who won the St. Andrews championship on Election Day. Only the winners of the various trial contests were eligible to compete, and as Cochrane had won three of these and W. T. Gray the fourth they were the only two qualified to play. Gray failed to put in a appearance, and the cup was awarded to Cochrane.

MEN'S FOURSOME AT LIVINGSTON. The members of the Staten Island Cricket Club

held their monthly four-some handleap yesterday on the club's links, at Livingston. Five pairs returned cards, but as the handlcaps will not be announced until Monday, no award of prizes could be made. The Handicap Committee neglected to post the ratings before the contest was started, and will not hold a meeting until to-morrow, so that only the gross returns vere known. E. L. Richards and A. P. Kelley made the best score, 88, while for second place there was a tie at 96, be-tween J. R. Chadwick and E. D. Crowell and J. Max Carrere and Otto Hockmeyer. R. St. George Walker and A. Hollick came next, at 107, and Dr. Johnson and E. B. Crowell were last, with a total of 118. The club will hold a special members' tournament on Thanksgiving Day, and a large entry list is already assured. The scores yesterday were:

Back View of the Famous Dr. Sanden Electric Belt.

Excesses and the practice of vicious habits act directly upon the nervous system, and there is a corresponding debility of all organs. From a sort of false modesty parents neglect to offer their boys timely warning, with the result that nervous debility and weaknesses prevail to an alarming extent among men. After graduating, thirty years ago, I gave the same medicine for these weaknesses that are given to-day, but found my patients were not getting a square deal. I learned that

DRUGS DIDN'T GURE

because they stimulated. One day I experimented with Electricity. That was 25 years ago. I have used nothing else since for these nervous disorders. I found, however, the ordinary battery to be of little benefit, because it didn't generate sufficient volume and couldn't be applied long enough. This led me to invent a portable chain of cells, which after years of improvement has resulted in my present 1898 model Electric Belt with attachment for men-the great home self-treatment. It is worn about the waist, and gives currents instantly felt. Put it on when you go to bed. Take it off next morning. Seven hours out of the 24 for two months will do the work. Over 5,000 cures in 1897. It cures because Electricity builds up and does not stimulate. It strengthens all the organs and glands of the body. POSTOFFICES AND POSTMASTERS.

ANNUAL REPORT OF THE FOURTH ASSISTANT

POSTMASTER-GENERAL.

Washington, Nov. 12 (Special).—The report of Mr. Bristow, Fourth Assistant Postmaster-General, for the year ended June 30, 1868, is a succinct but comprehensive review of the operations of that branch of the postal service which comes within his juris diction, and contains much information of general interest concerning postal matters.

The report shows that at the close of the fiscal year there were 73,570 postoffices in the United States-3,816 Presidential and 69,754 fourth-class. The net increase for the fiscal year was 2,548. The State having the largest number of Presidendal postoffices is New-York, with 330, followed by Pennsylvania, with 28t; Illinois, 257; Iowa, 212, and Ohio, 208. The States having the greatest number of fourth-class offices are Pennsylvania, 4.871. New-York, 3,384; Virginia, 3,297; Ohio, 3,175, and North Carolina, 2,898. In compensation Massachusetts heads the list, showing an average com-

stamped ten-cent envelope of superior material be adopted, in place of the present system of re-istering letters. It is also recommended that all money order offices be inspected annually.
